SUMMER 1962

VOLUME XLIX
NUMBER 2

... 1962 Convocation and headquarters dedication.
... Three new Chapters installed: Gamma-Alpha at the University of Detroit; Gamma-Beta at Eastern Michigan University; and Gamma-Gamma at Central Missouri State College.
Principles of Action

NATIONAL INTERFRATERNITY CONFERENCE

IN ORDER THAT the members of the National Interfraternity Conference may better serve the educational institutions of which they are an integral part; and

IN ORDER THAT the Conference and college and university administrators may develop and maintain a closer relationship, to their mutual advantage; and

IN ORDER THAT the public may be better informed of the role that fraternities play in the constructive development of the young men of this nation...

THESE PRINCIPLES ARE DECLARED:

I · LOYALTY TO THE INSTITUTION will be achieved by:
A. Indoctrinating pledges and members in the history, traditions and importance of their college or university; and
B. Planning participation by undergraduates and alumni alike in those events which build pride in their institution.

II · CONSTRUCTIVE TRAINING will be fostered by:
A. Directing formal training dedicated to development and improvement of pledges as citizens and as fraternity men; and
B. Stimulating full opportunity for the development of positive leadership abilities.

III · INTELLECTUAL ACHIEVEMENT will be encouraged by:
A. Providing an environment in the fraternity chapter which will stimulate intellectual and cultural progress; and
B. Establishing respect for scholarship as the primary purpose of a college education.

IV · COMMENDABLE CONDUCT will be sought by:
A. Teaching and exemplifying the standards of good taste and sound morals; and
B. Disciplining promptly and effectively any active members or pledges who deviate from these standards.

V · MANAGEMENT RESPONSIBILITY will be promoted by:
A. Emphasizing the imperative nature of responsibility in the role of good citizenship; and
B. Developing progressive experience in management as the members gain maturity.

VI · DEMOCRATIC PRINCIPLES will be inculcated by:
A. Encouraging freedom of thought and action within the democratic processes and procedures of the member organizations; and
B. Lending active support to those who protect our constitutional rights as citizens and as Americans.

In the implementation of these principles we seek the guidance and cooperation of college and university administrators. In turn, we pledge ourselves to sincere effort in the achievement of these objectives as evidence that the college fraternities continue to be a powerful force in the constructive development of young men in the transition from youth to manhood.

Original petitioners including sixteen Charter members of Gamma-Alpha Chapter

Balance of Gamma-Alpha installation members and pledges
Three Chapters Added to Roster in May

MORE SIGMA PI CHAPTERS have been instituted in the month of May than during any other month of the year, and from now on three more chapters will be celebrating May anniversaries.

For the members of three successful petitioning groups, as well as for the officers of the Grand Chapter, the weeks of preparation for the chapter installations were extremely busy ones. They culminated in Gamma-Alpha Chapter coming into being at the University of Detroit, Detroit, Michigan, on May 4; Gamma-Beta Chapter at Eastern Michigan University, Ypsilanti, Michigan, on May 5; and Gamma-Gamma Chapter at Central Missouri State College, Warrensburg, Missouri, on May 13. The charters were respectively seventieth, seventy-first, and seventy-second issued by the Grand Chapter.

Gamma-Alphas

The induction of members and installation ceremonies took place on May 4, 1962, in the Detroit Veteran's Memorial Building. The impressive formalities were in charge of Grand Second Counselor Frank C. Fryburg acting on behalf of Grand Sage William J. Cutbirth, Jr. He was assisted by: Theta alumnus Peter P. Schoderbek in the capacity of Grand Second Counselor; Zeta Sage Gary E. Benes acting as Grand Third Counselor; Field Representative James S. Verplanck in the position of Grand Fourth Counselor; Grand Herald Arthur L. Lewis at the station of Grand First Counselor; and Executive Assistant James L. Hills in the role of Grand Herald. Brothers John S. Davis, III, John A. Edie, John D. Hall, and Robert K. Kyler, all of Zeta Chapter, assisted in the Second Degree of the Golden Quest.

The chapter members of Gamma-Alpha Chapter are: Joseph W. Becker, A. Timothy DeConinck, Michael E. Katulski, Gary M. Laskey, Ronald J. Moquin, Henry G. Naour, Patrick H. O'Leary, John A. Pazell, Robert E. Ronzi, Edward J. Rutkowski, John J. Sauk, Jr., Jeffrey S. Schmidt, James E. Sheppeck, Joseph R. Smulski, William C. Thompson, III, and Thomas L. Weber. Other active members initiated were: John C. Campbell, Bruce M. Carrico, Patrick G. Currier, Ralph A. Fasano, George A. Fischer, Michael D. Fraser, Donald J. Houskey, John B. Kolly, Thomas W. Maher, Mathew N. Millenbach, Richard A. Netkote, Samuel W. Rae, Jeffrey J. Ryan, William J. Sasena, Grant R. Walters, Robert S. Was, and Dennis J. Weir. Also induced were Dr. Jon J. Kabara, faculty adviser, and Alpha Epsilon Delta alumnus Dr. Charles J. Berger.

The formal ceremonies were followed by the serving of refreshments and a get-acquainted social hour at the home of one of the newly initiated members in Grosse Pointe.

HISTORY OF LOCAL

Fraternities had a slow beginning at the University of Detroit. The first groups were local social organizations with membership restricted to students of a particular college in the University. As Greek-letter societies grew throughout the country the pressure to admit national fraternities was felt at the University. However, only professional fraternities were allowed. First of all the national was Omega Beta Pi, pre-medical fraternity, established at the University of Detroit in 1927.

The depression was responsible for the disintegration of Omega Beta Pi to the extent that in 1940 the chapter at Detroit was the only one in existence. This loss of national prestige brought about affiliation with Alpha Epsilon Delta, a national pre-medical honor society. The Michigan Alpha chapter of AED was chartered on March 8, 1941.

Once again the fraternity embarked on a social program for pre-meds and AED participated to a fuller extent each year in the activities of the school. Its members attained prominent positions and the group became more firmly established and respected at the University of Detroit.

In May of 1960 the fraternity was placed on probation for infringement of a technicality in a school ordinance. This followed
immediately by a complete reorganization and by February 1961 the group was operating without question as a social fraternity except that membership was limited to pre-meds. Thereupon the members decided to seek affiliation in a national social fraternity which in no way would affect their membership in the pre-med organization. All who were interested in operating as a social organization joined in the successful petitioning to Sigma Pi.

UNIVERSITY OF DETROIT

When the University of Detroit opened in September 1877, the students were taught by four Jesuits. Today, the University's 14,000 students are taught by more than 650 lay faculty members and 50 Jesuit teachers. The largest Catholic University in the world, it opens all its facilities to students from anywhere without respect to nationality, color, or religious belief. It does this as the only non-state supported university in Michigan.

The original site of the University was a lot 100 by 200 feet on the south side of Jefferson Avenue between St. Antoine and Hastings. In 1926, the Rev. John P. McNichols, S. J., President, purchased 64 acres of "swampland" at Six Mile Road and Livernois. Today this tract, plus additional acreage, comprises the main campus of the University of Detroit which offers its students courses in five different colleges: Arts and Sciences, Engineering, Commerce and Finance, Law, and Dentistry.

The campus of the University of Detroit housing these colleges consists of Lansing-Rielly Hall (the Jesuit residence), the Commerce and Finance Building, the Chemistry Building, the Engineering Building, the Science Building (physics and biology), the Library, W. O. Briggs (Arts and Sciences), the Student Union, three dorms (Holden Hall, Reno Hall, and Shiple Hall) for about 20 per cent of the male students, the football stadium, and the Memorial Building which contains the basketball arena—home court of one of the nation's strongest basketball teams.

The downtown campus consists of the Dental school, which supplies the City of Detroit with about two thirds of its dentists; and the Law school, of which the former and present Mayor of Detroit are graduates. At present the University is on a $28,000,000 expansion program to raise funds for a new chapel, An Engineering Research Building, a Biological Research Building, a new Administration Building, an annex to the Student Union Building, a women's dorm, and expansion of the football stadium. Now under construction is a new building for the Dental school.

Among the University traditions are Greek Week, which occurs during the first week of each semester; homecoming; the St. Patrick's Day Tug-of-War; Senior Week; and Spring Carnival. The latter consists of the student organizations grouping together in order to put on a two-day carnival at the State Fair Grounds. Booths, a big name dance, a king and queen, and parade are part of the festive season. Profits from this affair go to a student project which aids the University Building Program.

**Gamma-Beta**

The installation ceremonies on May 5 for Gamma-Beta Chapter at Eastern Michigan University were conducted in the club room of the Thunderbird Lanes in Ypsilanti,
Michigan. Grand Herald Arthur L. Lewis was acting Grand Sage in the absence of Grand Sage William J. Cutbirth, Jr., at the chartering of Sigma Pi’s 71st chapter and its third in the state of Michigan. He was assisted by Grand Second Counselor Frank C. Fryburg; Iota alumnus Jon A. Rudbach acting as Grand Third Counselor; Field Representative James S. Verplanck as Grand Fourth Counselor; Zeta Chapter’s secretary John S. Davis, III, in the position of Grand First Counselor; and Executive Assistant James L. Hills in the role of Grand Herald.

The officers installed were: David K. Fal­key, Sage; Craig M. Berger, Second Coun­selor (by proxy); William A. Bencik, Third Counselor; Richard J. McDonough, Fourth Counselor; Douglas R. Forrester, First Counselor; and Gerald E. Klein­smith, Herald.

The banquet was presided over by the Sage of Gamma-Beta, David K. Falkey. Guest speakers from the University were Dr. Eugene B. Elliot, President of Eastern, and Dean James M. Brown, Dean of Men. President Elliot and Dean Brown spoke on the significance of fraternities and how they are an unique part of college life. Their talk encompassed the idea of how social fraternities fit in with the University’s progress and how they will benefit their members in school and after graduation.

The main speaker for Sigma Pi was Dr. John Philip Wernette, Upsilon-UCLA’23, professor of Business Administration at the University of Michigan and formerly president of the University of New Mexico, who spoke on the topic of what the future holds for us. The main thought of the speech was that we cannot tell what the future will bring, but we can only look at the present and past. The most paramount problem existing is for the peoples of the world to strive to get along with each other and to end the race between countries for supremacy of destructive power before it is too late.
History of the Colony

With the help of Donald G. Caviness, Field Representative, a social club was formed, its first meeting being held on February 20, 1961, in the Brown Hall Lounge. The goal of the club was to attain fraternity standing on Eastern Michigan University’s campus and become affiliated with Sigma Pi Fraternity. Attending this first meeting were eleven members who elected from among themselves the following officers: Robert A. Green, president; James Bigwood, secretary; and James R. Stewart, treasurer.

On March 6, 1961, after conferring with the dean of Student Activities, the social club was officially named the Pi Sigma Club. By the end of March the club had grown from the original eleven members to thirty-eight. At this time representatives of the Pi Sigma Club appeared before the Interfraternity Council to see about attaining status as a Colony of the Grand Chapter of Sigma Pi.

The club was working hard to become recognized on campus. It had already been voted on and accepted as a social group by the Eastern Michigan University Student Council. On April 17, 1961, it submitted its constitution to the Student Affair’s Staff and was officially approved by the Administration. Pi Sigma Club was well on its way in attaining its goal.

On April 26, 1961, Pi Sigma Club was voted on by the Interfraternity Council and was changed from club status to Sigma Pi Colony. After conferring with the Sigma Pi Executive Office it was decided to have a pledging ceremony at the Mayflower Hotel in Plymouth, Michigan, on April 31, 1961. Edward S. Kornos, acting as the Sigma Pi representative, pledged thirty-three men at the ceremony.

On September 18, 1961, the Sigma Pi Colony called its first meeting of the 1961-62 school year. At this meeting it was reported that thirty-one members of the Sigma Pi Colony had returned for another year. Some new officers had to be elected to fill vacancies. At this meeting Dennis F. McCulloch and Frederick S. Buban were chosen to organize and direct the writing of the Colony’s petitions. The one to the Interfraternity Council on October 11, 1961, for full fraternity status on the E.M.U. campus, was approved. The formal petition to the Grand Chapter of Sigma Pi was submitted shortly thereafter and upon favorable vote of the chapters and Grand Officers, May 1962 was decided upon as the time for actual chartering.

Eastern Michigan University

Eastern Michigan University is located in Ypsilanti, which is thirty miles west of Detroit and seven miles southeast of Ann Arbor. The city is the center of an area which provides many outlets for cultural and recreational interests. It is also on the main Detroit-Chicago line of the New York Central Railroad and is at the center of a network of bus lines providing direct connection with most larger cities. Frequent bus service is available to the greater Detroit area. The Willow Run and Metropolitan Airports, on the outskirts of the city provide air transportation to all parts of the world.

Eastern Michigan University (originally Michigan State Normal School and later Michigan State Normal College) was created by an act of the Legislature in the spring of 1849. The school was located in the fall of the same year at Ypsilanti by the State Board of Education, and in the fall of 1852 its first building was completed and the school was opened. It was the first state normal school in Michigan, the first west of the Alleghenies, and the sixth in the United States.

With the growth of the state public school system enlarged in scope and the functions of the Normal School enlarged with it. The purpose of the institution was re-stated, therefore, by the Legislature in 1889: “The purpose of the Normal School shall be the instruction of persons in the art of teaching and in all the various branches pertaining to the public schools of the state of Michigan.”

In 1897, recognizing that a good institution of teacher education must also be a good college, the Legislature authorized the State Board of Education to designate the school as Michigan State Normal College. In 1899 this became its legal name. By act of the State Legislature in the session of 1955, the college became Eastern Michigan College. On June 1, 1959, it was recognized as a multi-purpose institution, and the college became Eastern Michigan University.
Eastern Michigan University was originally founded to educate teachers, and this is still one of its basic functions. To this it has added, however, over the last half century, programs of instruction in the liberal arts and sciences, and a wide range of specialized and pre-professional programs. The University's objectives in all undergraduate instruction is to provide its students with a sound liberal education as a necessary prerequisite for all instructional programs, however specialized, and with the necessary skills and knowledge to work in certain professional areas.

It is the judgment of the staff and faculty at Eastern Michigan University that the University has not changed its function in its century-old history but has expanded and broadened it. The basic education that produces good teachers produces good citizens. The additional professional education necessary for the teacher has its counterpart in other specialized areas for those planning to enter other professions.

At the graduate level the University provides a program aimed at teaching the skills and knowledge to a master teacher. It aims at broadening the general background and knowledge of the student and at substantially increasing his professional skills.

Eastern Michigan is an accredited member of the North Central Association of Colleges and Secondary Schools; and it is accredited by the National Council for Accreditation of Teacher Education for the preparation of elementary teachers, secondary teachers, and service school personnel. The Master's degree is the highest degree approved.

Eastern Michigan University is located on high ground overlooking the city of Ypsilanti and the Huron River Valley. The campus has expanded from its original six acres to its present 200 acres. Included on the campus is much wooded ground—some of it is dedicated to outdoor recreational activities. The woods provide a natural bird and wildlife sanctuary.

**Gamma-Gamma**

The conferring of Sigma Pi membership on a group of worthy neophytes and the institution of Gamma-Gamma Chapter at Central Missouri State College, took place in the Warrensburg Christian Church under the direction of Grand Third Counselor Lyle H. Smith, who substituted for Grand Sage William J. Cutbirth, Jr. He was assisted by two teams. Team one conducted the formal initiation with Alpha-Rho alumnus Dr. Richard Payne in the role of Sage, George P. Baker (Alpha-Rho) as Second Counselor; Alpha Rho Sage Kenneth F. Kutz, Third Counselor; Field Representative James S. Verplanck, Fourth Counselor; Almon L. Wiley, First Counselor; and Executive Assistant James L. Hills, Herald. The second team, conducting the chapter installation

Other undergraduate members are: Floyd J. Young, Jr., Clyde A. Paul, Martin G. Hanson, Jon T. Rickman, Gary M. Erwin, James J. Penick, John G. Britt, Ronald D. Griswold, Dennis B. McGowan, Claude E. Page, Stanley W. Powell, Jr., Fred C. West, Norvel R. Wilson, William D. Fidlar, John L. Jennings, Frank J. Peterson, III. and Barry A. Singleton.

Three faculty members were initiated; namely, Tommy R. Burkett, Dr. Herbert R. Eschliman, and Dr. Paul E. Reid.

Installed as the first officers of the new chapter for 1961-62 were: George F. Berry, Sage; Albert L. Dial, Second Counselor; Richard A. Michaels, Third Counselor; Ronald L. Stratton, Fourth Counselor; James E. Buck, First Counselor; and Floyd J. Young, Jr., Herald. The following took the oaths of office as the chapter officers for 1962-63: Floyd J. Young, Jr., Sage; Earl L. Parris, Second Counselor; William B. Morris, Third Counselor; James J. Penick, Fourth Counselor; Albert L. Dial, First Counselor; William L. Adler, Herald; and Donald W. Smith, Rush Chairman.

Following the induction and chartering ceremonies a banquet was held at the Skyhaven Motel. George F. Berry an initiated transfer from Alpha-Iota Chapter and first Sage of the new chapter, was toastmaster.

During the dinner hour he read telegrams and letters of congratulations from chapters and members throughout the country. The principal speakers for the evening were Dr. Paul E. Reid, a faculty adviser for the Fraternity and professor of speech at Central Missouri State College; and Grand Third Counselor Lyle H. Smith, who spoke on behalf of the Grand Chapter. Excerpts from his talk follow.

“When I observe what has been happening to the colleges and universities of this country since World War II, I am to a degree overwhelmed. The changes have been in many directions, including great scientific and technological advancements. Along with these have come higher standards for scholastic achievements and graduation. Yet in the face of this we have increased enrollment and more students desiring higher degrees.”

“One of the most obvious changes in the colleges and universities has been the physical growth and the ever increasing number of students in attendance. This aspect of college growth holds much interest for the fraternity man, for it is in this growth that organizations such as ours play a very important part.

“As our colleges become larger, there is not the opportunity for the average student to become well acquainted with his fellow students; and the society that makes up the college community becomes one of more distant relationships. The students find a need to become identified with an organization or group that can provide what the colleges can no longer supply. This is where the college social fraternity fits into the picture, for we can provide the opportunity for the student to become identified and to associate himself with persons of like desires. As our colleges continue to grow, we as fraternity men will have an ever increasing responsibility to the students and institutions of higher learning in this country. Even today more of the college administrations are recognizing the service that we can perform and are asking for more fraternities and in some cases opening a campus to fraternities for the first time.

“As the newest chapter of Sigma Pi, I must admonish you to continue with the same spirit and hard work that has made it
possible for you to be installed as Gamma-Gamma Chapter. Above all else, seek to obtain scholastic achievement, for this will do more than any other one thing to insure your continued success. A respectable scholastic standing will rate you well with the college administration and the community, and will give you the type of favorable publicity that cannot be obtained in any other manner."

**History of Colony**

In February, 1960, a representative of the Grand Chapter, D. Dean Crook, visited Central Missouri State College and met with the Dean of Student Personnel Services and obtained his permission to contact some students in order to attempt to arouse interest in forming a colony. Permission was granted but with the stipulation that nothing would be done until fall. Accordingly, on November 22, 1960, Field Representative Boyd K. Mackleer visited the campus and contacted George F. Berry who had transferred from Sigma Pi’s Alpha-Iota Chapter at the Missouri School of Mines. Mackleer asked Brother Berry to try to get together a group of students who would be interested and qualified to be members of a Sigma Pi colony. He was very successful and on February 15, 1961, the Field Representative returned to the campus to find a group of eleven men under the leadership of George F. Berry.

The main objective of this group was to build its membership up to 30 or more men; by April 26 it had grown to 32 members. At the close of the school year the organization made final and complete rushing and pledging plans for the fall term. The first meeting of the new school year found some of the old members missing, but a number of new men had already become interested and were fast to fill the vacancies.

The first officers elected at the start of the 1961-62 school year, were: George F. Berry, president; Albert L. Dial, vice-president; Richard A. Michaels, treasurer; Ronald L. Stratton, secretary; James E. Buck, sergeant-at-arms; and Floyd J. Young, Jr., historian. By November 17 a petition for recognition was completed and submitted to the college administration with the approval of the Interfraternity Council, Student Government Association, and the Faculty Committee on Student Organizations.

The petition was approved and Sigma Pi authorized to formally establish a colony. John C. Bowers pledged the first group of men on December 5, 1961, and on January 14 the officers of the colony were formally initiated at Alpha-Rho Chapter in Springfield. By March 1 the membership consisted of 21 actives and 14 pledges. The remaining months of the college year from the standpoint of fraternity activities was devoted mainly to preparations for the official chartering on May 13.

**Central Missouri State College**

The guns of the Civil War had scarcely been silenced when the little town of Warrensburg began to require professional training of its teachers. It is not surprising that the enterprising citizens put forth every effort to secure the site of the South Missouri Normal School which the General Assembly had voted to establish. On April 21, 1871, the State Board of Regents located the Normal School for the Second District, at Warrensburg.

Nineteen days later, May 10, 1871, the first student enrolled and paid his incidental fee of five dollars. With a faculty of three the school opened in the new Foster School Building which occupied the site of the present Warrensburg High School. Across Grover Street the underbrush was cleared so that the “orange grove” might provide a recreation ground for the students. The first ten years of the school’s existence were ones of long struggle against prejudice, insufficient funds, and political opposition. In 1885, the Normal Student was published as a private enterprise by George R. Crissman, a student. It became in turn the Normal Review, The Educational Era, and The Sun Dial; then, in 1910, it was revived under its original name. The first fraternity on the campus was Phi Lambda Epsilon. It was organized in 1892. The first issue of the Rhetor was published in 1905. Early Saturday morning, March 6, 1915, the town was awakened by an insistent alarm and almost the entire population hurried through six inches of snow to watch helplessly a disastrous fire. The library, the laboratories, and the records of forty-four years were...
destroyed. Only the gymnasium and the Training School was left. But the following days proved that so long as the loyalty and love of faculty, students, and friends endure, a college will survive. Vacant houses were rented and equipped. Churches and public school buildings were borrowed. On Monday morning, without the loss of a single day's work, Normal Number Two, crippled in body but not in spirit, began to plan and to build anew.

The school was rebuilt on a campus that was little more than a pile of bricks and stone. New Buildings appeared in rapid succession. First came the Training School; then the Science Hall; and later the Administration Building and the Power House. Last of all was built the Auditorium which was named Hendricks Hall in honor of the president under whose leadership the splendid modern buildings took form.

That the fire had no effect upon the standing of the College was proved by the fact that in the same year the Warrensburg Normal was admitted to the North-Central Association of Colleges and entitled to grant degrees. In 1919 the name of the institution was changed to the Central Missouri State Teachers College. It became known as Central Missouri State College after World War II. The dropping of the word "teachers" was indicative of the broadening curriculum into almost all major phases of higher education. The growth in the size of the student body was ever upward and more buildings were constructed to accommodate the students.

- Business Session
- For the Good of the Order—II

---

**Afternoon**

- Business Session
- Pilgrimage to Vincennes 3:00 o'clock
- Dedication of Memorial Headquarters 5:30 o'clock

**Evening**

- Dinner & Dance at Vincennes University

**Friday, August 31**

**Morning**

- Business Session
- For the Good of the Order—III
- Trustee Meeting, B. R. L. Educational Fund, Inc.

**Afternoon**

- Business Session
- For the Good of the Order—IV
- Board Meeting, Sigma Pi Foundation, Inc.

**Evening**

- Model Initiation
- Executive Council Meeting

**Saturday, September 1**

**Morning**

- Business Session

**Afternoon**

- Business Session
- Installation of Grand Officers

**Evening**

- Convocation Banquet
- Awards to Chapters
- Awards to Outstanding Alumni
are fraternities paying their way?

$3,250,000 DISTRIBUTED ANNUALLY IN THE CHAMPAIGN-URBANA COMMUNITY

NOTE: The following is reprinted in its entirety from a folder published by Bresee-Wamer, specialists in fraternity management and accounting, with main office in Champaign, Illinois, as based upon factual information regarding the financial operations of fraternities and sororities at the University of Illinois. Bear in mind that the financial contribution referred to from herein, is to one community only; multiply this by every fraternity campus in the country and the staggering result will prove that “fraternities are paying their way.”

Did you ever figure what a fraternity means to your community? Everyone has his own ideas about a fraternity being good or bad and whether a college student should become a member of a social fraternity. However, the financial contribution of a fraternity to your community means much more than this in real dollars. The following facts and figures were compiled on the 57 fraternities and 29 sororities at the University of Illinois and illustrates their definite value to the Champaign-Urbana community. This information serves only as a sample of what all fraternities and sororities throughout the United States are doing for their local communities.

PAYROLL

The monthly payroll of fraternities amounts to $35,580.99, that of sororities $21,870.00, or a total of $57,450.99.

This total payroll of more than a half million dollars per year would be equivalent to a business employing 127 people with an average salary ranging from $800.00 to $1,000.00 per month. This payroll goes into the hands of many employees who would otherwise not be able to support themselves in the Champaign-Urbana community.

In addition to this, approximately 775 jobs are provided for students as waiters, dishwashers, and kitchen helpers. The major portion of student jobs in this category are provided by fraternities and sororities since the University now employees union personnel in the residence halls.

LOCAL TAXES

The fraternities pay $105,062.00 in real estate taxes and the sororities $64,740.00 for a total of $169,801.00; personal property taxes paid by fraternities amounts to $8,550.00 and sororities $4,205.00 making a total of $12,755.00.

If the average family paid $400.00 per year in real estate and personal property taxes, it would take 456 new families to equal this tax input into Champaign-Urbana. Also, the same gross input of $182,557 in taxes from 456 new families would not reflect the same net profit to the community since Champaign-Urbana would have to provide more streets, street lights, sewers, school facilities and teachers, police protection, fire protection, etc. for the new families which is not necessary for fraternities and sororities. Also, please remember if the University owned these properties, there would be no real estate tax realized by the community. The University is tax exempt on nearly all properties in both Champaign and Urbana.

DOLLAR INCOME TO THE COMMUNITY

The average fraternity spends $44,087.83 per year while an average sorority will spend $42,560 in a year. This means all fraternities and sororities on the University of Illinois Campus will spend more than $8,600,000 each year. Assuming 90% of all expenditures are made in the Champaign-Urbana community, over $3,250,000 is locally distributed every year.

In addition to the real estate and personal property tax which would be lost if fraternities and sororities were owned by the University, a great percentage of the $3,250,000 spent locally would be lost since

(Continued on page 60)
Another Bishop

Bishop Earl Honaman has called attention to the fact that in addition to the Bishops of the Protestant Episcopal Church as pictured in a recent Emerald, there is another Sigma Pi in the House of Bishops, namely, the Right Reverend William Creighton, D.D., Bishop Coadjutor of Washington. Dr. Creighton is an alumnus of Delta Chapter—University of Pennsylvania. His address is: Diocesan House, Mount St. Alban, Washington 6, D.C.

Eli Lilly Executive

Russell E. Westfall, Beta—Indiana '38, secretary-treasurer of Eli Lilly International Corporation, has been named president of the firm's affiliate in Toronto—Eli Lilly and Company (Canada) Limited. He succeeded Oscar W. Funk, who retired June 30.

Brother Westfall has been associated with Lilly International since May 15, 1946, when he joined the corporation as a tax accountant. In 1948 he became manager of International's tax and auditing department; in 1951, director of the financial division. He was named secretary-treasurer in 1952.

A native of Indianapolis, Westfall was graduated from Shortridge High School in 1932 and received a Bachelor of Science degree from Indiana University in 1938. He was employed for eight years as a certified public account in Indianapolis and Chicago before joining Lilly.

Westfall is a member of the Indiana Association of Certified Public Accounts, the Financial Executives Institute, and the American Institute of Accountants. He will continue to be a member of the board of directors of Lilly International.

Heads Specialty Food Company

Lloyd L. Antle, Epsilon—Ohio University '25, is president of L. L. Antle & Co., Inc., manufacturers of institutional specialty food items. He is also president of General Packaging Company, a corporation engaged in contract packaging operations.

Brother Antle went to Atlanta after his graduation in 1925. The food items manufactured by his company are marketed under the trade name ANCO. His office is at 590 Greenwood Avenue N.E., Atlanta, Georgia.

Lloyd is a director and past president of the Atlanta Chapter of the American Marketing Association, a director and past national president of Pi Sigma Epsilon, a professional undergraduate fraternity in marketing and sales, and a past officer and director of the Sales and Marketing Executive Club of Atlanta. This year he is serving as president of the Institutional Food Manufacturers Association whose membership consists of the leading institutional food manufacturers throughout the country.

Educator and Author

John Philip Wernette, Upsilon—U.C.L.A. '29, very kindly accepted an invitation to be a speaker at the installation banquet of
Gamma-Beta Chapter, Professor of Business Administration at the University of Michigan since 1948, Dr. Wernette represents one of the many alumni of Sigma Pi who are making an invaluable contribution in the field of higher education.

John Wernette was born in Imlay City, Michigan, on October 29, 1903, and moved with his family to California in 1917. He holds degrees from U.C.L.A., University of California at Berkeley, University of Southern California, and Harvard University. He married Eleanor DeCourcy in 1940, and has two children, John DeCourcy and Elizabeth Eleanor.

Dr. Wernette has been an instructor or otherwise active in the fields of economics and business administration since 1924. Called to Washington, D.C., during the last World War he served in the Office of Price Administration and also on the Procurement Policy Board. He was President of the University of New Mexico, 1945-48.

Man of the Year

Herbert W. Cooper, Alpha-Beta—Michigan, after being voted “Advertising Man of the Year,” was asked to furnish some particulars relative to this honor and the following quotations from his letter are not only interesting but more appropriate than if rephrased:

“For the last several years advertising has been under increasing attack by government in Washington and in the states by educators, clergy, editors and others.

“We, in Cleveland, thought it was time for our industry to take some positive steps to self-police advertising that was in bad taste or untruthful and to let the public know what we were doing.

“Out of this evolved what is now known as The Cleveland Plan for Eliminating Objectionable Advertising.’ This program was instituted about two years ago under the joint sponsorship of The Cleveland Advertising Club, The Cleveland Council of the American Association of Advertising Agencies, and the Cleveland Better Business Bureau. I became deeply involved in it because I was Chairman of the Cleveland A.A.A.A. Council and Secretary-Treasurer and member of the Executive Committee of the Better Business Bureau.

“We prepared advertising which ran at no cost in the Cleveland newspapers telling the public that we wanted to eliminate objectionable advertising and asked their help by sending in coupons telling us what advertising they did not like or did like. Complaints about local advertising were then processed by a specially established panel of
people here and advertisers were advised of the objections. Similarly, complaints about national advertising were forwarded to A.A.A.A. headquarters in New York for processing through its panel of A.A.A.A. members.

"In essence, we attempted to build stature with the public by letting them know we were concerned about objectionable advertising and we also were able to advise advertisers of complaints so that they could take corrective action. Some 80 major cities in the U.S. have now adopted 'The Cleveland Plan.'

"It was because of my activities with it that I was voted 'Advertising Man of the Year' recently by the 5th District of the Advertising Federation of America. This district comprises advertising clubs in Ohio, Kentucky, Indiana, and West Virginia, with some 3000 members."

Herb Cooper is president of Meldrum and Fewsmith, Inc., largest advertising agency in Ohio, with offices at 1220 Huron Road, Cleveland. The billings of the firm run well over 15 million dollars. He is the in-coming president of The Cleveland Advertising Club with 1100 members; and vice-chairman of the East-Central Region of A.A.A.A. He is also secretary-treasurer of the Cleveland Better Business Bureau, a member of the Board of Directors of the National Outdoor Advertising Bureau, a member of the Board of Governors of the University of Michigan Club of Cleveland, and is listed in Who's Who in America.

No Place like America

KEITH D. SHEPPARD, Alpha-Iota—Missouri Mines '47, has this to say after several years of business travels in England, France, Germany, Italy, Austria, Spain, Portugal, Egypt, Libya, Kuwait, Bahrein, Saudi Arabia, Iran, and India, in addition to pleasure travels in Lebanon, Syria, Turkey, Jordan, Greece, and Yugoslavia:

"We have had many, many experiences, both good and bad. If nothing else, this sojourn abroad has served to strengthen our faith in America and to re-emphasize the need for each American to give daily thanks for his marvelous country and perpetually to strive for the continuation of the many freedoms found there but missing in many other places."

Keith is manager and vice-president of the Geneva, Switzerland office of the James A. Lewis Engineering company, a petroleum consulting firm specializing in reservoir engineering, secondary recovery, appraisals, and property acquisition and operation. He joined this firm in August 1956, working in and out of its Dallas, Texas home office before being given the assignment to open an office in Switzerland. Prior to becoming affiliated with the Lewis Engineering Company, he occupied positions with the Continental Oil Company relating to petroleum reservoir engineering. He received his B.S. Degree from the Missouri School of Mines in 1947, and was granted an M.S. from Penn State University in 1949.

In Service

Army 2nd Lt. RICHARD A. HARMAN, Alpha-Rho—Southwest Missouri State '61, along with other personnel from the 101st Airborne Division's 506th Infantry, participated in a STRAC (Strategic Army Corps) alert at Fort Campbell, Ky. As part of its STRAC mission, the 101st maintains one company in constant combat readiness, capable of immediate airborne deployment to any area of the world. A second company can be ready in two hours, and a reinforced battle group can be airborne within six hours following an alert.

Army Specialist Four ROBERT B. BELLAMY, Omega—Oregon State College '60, recently participated in the week-long Fifth U. S. Army Rifle and Pistol Matches at Fort Riley, Kansas. Specialist Bellamy entered the Army in September 1960, completed basic training at Fort Ord, Calif., and is a clerk in the 11th Infantry's Headquarters Company at Fort Carson, Colo.

2/Lt. REA F. GRAVES, Alpha-Sigma—Arkansas '61, is on a temporary duty tour at Clark AB, Philippine Islands, the Far East outpost of the United States Air Force. Lt. Graves is an Air Force navigator permanently assigned to a Tactical Air Command unit at Sewart AFB, Tenn., and will return there upon completion of the tour.

Army 2/Lt. GARY R. LEE, Alpha-Rho—Southwest Missouri State '61, while attending
the Transportation School, Fort Eustis, Va., recently won the expert marksmanship badge. Lt. Lee scored 189 points out of a possible 200 with the M-1 rifle.

Army Pvt. CHARLES L. MARTIN, Alpha-Phi—Georgia '61, has completed the five-week finance procedures course at The Finance School, Fort Benjamin Harrison, Ind. Pvt. Martin received instruction in the disbursing, collecting and accounting activities of the U. S. Army. The finance procedures course is one of the 98 courses in 13 different fields offered at The Finance School, which has trained more than 60,000 students since 1920.

1st Lt. KENNETH R. SCHULTZ, Alpha-Iota—Missouri School of Mines '58, along with other personnel from the 2nd Infantry Division, participated in Exercise Clear Lake, a 17-day Joint Army-Air Force training maneuver conducted by the U. S. Strike Command at Eglin Air Force Base, Fla. Clear Lake, which involved more than 7,000 Army and Air Force personnel, was designed to further develop the ability of U. S. Strike Command units to function as a team capable of immediate combat deployment to any area of the world to meet any situation.

2/Lt. RICHARD R. CURTIS, Alpha-Delta—Auburn '61, has entered United States Air Force navigator training at James Connally AFB, Texas. Lt. Curtis will receive radar and celestial navigation training in Air Force T-29 "Flying Classroom" aircraft. He will be awarded the silver wings of a navigator upon completion of the course.

2/Lt. HAROLD E. CHESLEY, Alpha-Sigma—Arkansas '60, received instruction in the duties and responsibilities of a Chemical Corps officer and in the tactics, techniques and material used in chemical, biological and radiological operations and defense during his recent eight-week officer orientation course at the Army Chemical Corps School, Fort McClellan, Ala.

Army Pvt. HEINZ G. WOLFF, Theta—Penn State '60, has completed advanced training as a seaman under the Reserve Forces Act program at Fort Eustis, Va. Pvt. Wolff was employed as an entomologist by the Department of Agriculture, Commonwealth of Pennsylvania, in Harrisburg prior to going on active duty.

Army Capt. ROBERT C. EBERSBERGER, Alpha-Chi—Maryland '50, received advanced instruction in Finance Corp doctrine, operations and procedures during the nine-month officer career course at The Finance School, Fort Benjamin Harrison, Ind. Upon completion, he is now qualified for command and staff positions at the highest levels.

Army National Guardsman, MARTIN L. GRAY, A-Pi—Arkansas '61, recently completed the fire direction specialist course under the Reserve Forces Act program at The Field Artillery Training Center, Fort Sill, Okla. He received instruction in the care, maintenance and operation of fire direction equipment and was trained to select, occupy and operate direction positions and to read military maps and overlays.

2/Lt. JIMMIE G. CRAIN, Beta-Xi—New Mexico State '60, has been awarded United States Air Force pilot wings following his graduation from pilot training at Webb AFB, Texas. Lt. Crain flew T-27 and T-33 jet trainers during the year-long flying training course. He also received special academic and military training.

2/Lt. PAUL W. HALL, Alpha-Delta—Auburn '60 was awarded United States Air Force pilot wings at graduation ceremonies at Laredo AFB, Texas. Lt. Hall, who was named distinguished graduate of his class, flew T-37 and T-33 jet trainers during the year-long flying training course and also received special academic and military training. He is being reassigned to the F-102 jet

Lieutenant Paul W. Hall, smiles as his Mother pins on his U.S. Air Force pilot wings at graduation ceremonies.

Capt. Donald O. Clark, Beta-Delta—Kansas '51, completed the regular course at the U. S. Army Command and General Staff College at Fort Leavenworth, Kansas on June 15. The college, the Army's senior tactical school, was established in 1881 as the School of Application of Infantry and Cavalry. The regular course is designed to prepare selected officers for duty as commanders and general staff officers at division, corps and field army levels. Capt. Clark has been assigned to the American University in Washington, D.C.

Capt. Jack A. Birnkammer, Alpha-Zeta—St. Lawrence '50, is being reassigned to Trinity College in Hartford, Connecticut, following completion of the Air University's academic instructor course at Maxwell AFB, Alabama.

William F. Hix, Rho—North Carolina State '61, and Edward H. Fuller, Jr., Alpha-Delta—Auburn '61, have been commissioned second lieutenants in the United States Air Force upon graduation from Officer Training School at Lackland AFB, Texas. They were selected for the training course through competitive examinations with other college graduates and both entered the Air Force in March 1962. Lt. Hix is being reassigned to James Connally AFB, Texas for navigator training. Lt. Fuller is being reassigned to Chanute AFB, Illinois to attend the aircraft maintenance officer course.

Lt. Cecil E. Grimes, Lambda—Kenyon '58, was commissioned a second lieutenant in the Regular Army, with a concurrent call to active duty, in ceremonies in Bad Kreuznach, Germany. Lt. Grimes is signal officer in the Battalion's Headquarters Company and arrived overseas in March of this year.

Ronald N. Jourdan, Phi—Illinois '61, has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School at Lackland AFB, Texas. He is being reassigned to James Connally AFB, Texas for navigator training.

Army Pvt. Charles L. Martin, Alpha-Phi—Georgia '61, recently completed the five-week military accounting course at The Finance School, Fort Benjamin Harrison, Indiana. Martin received instruction in the recording procedures, operations, and reports pertinent to financial accounting under the Army Command Management System. He entered the Army in December 1961 and received basic combat training at Fort Jackson, South Carolina.

1st Lt. Richard E. Samuels, Nu—Franklin & Marshall '57, has been awarded United States Air Force pilot wings following his graduation from pilot training at Vance AFB, Oklahoma. Lt. Samuels flew T-37 and T-33 jet trainers during the year-long flying training course and also received special academic and military training. He is being reassigned to Griffiss AFB, New York for duty on a C-124 aircraft.

Are Fraternities Paying Their Way?

(Continued from page 55)

most of the University purchases of food and housing needs, such as furniture and maintenance items, are made away from Champaign-Urbana in more bulk quantities. With very little asked in return, fraternities and sororities have established themselves as a very important financial part of the Champaign-Urbana community. These figures adjusted to other colleges and universities would show the same results from community to community.

The facts DO indicate fraternities are paying their way.
25 YEARS AGO
(August 1937)

IMPROVING THE PRODUCT
By M. L. Fisher, Eta, Dean of Men

In every phase of human enterprise there is found a desire on the part of the leaders to improve the quality of the product turned out. Whether the commodity produced be a mechanical article, a piece of goods, a crop, an animal, a book, a piece of research, a job of teaching, a graduate of a school, or any other product of human activity, there is a desire that the thing produced shall be of high quality and if possible better than any previous product. There is no exception to this desire on the part of those who are responsible for the kind of men who go out from our college fraternities and represent the fraternity idea to the world. We want progressively better men.

How can the fraternity turn out these constantly better men? Answer: by starting with better prospects and nurturing them more carefully. What is meant by better men? Answer: not only men of high scholarship, but men with a high conception of their relation to the community in which they live and their duty to the body politic. Here are two big orders, but it is possible for our chapters to deliver the goods.

Freshmen are the basic material. The rush chairman and his committee have a job second to none in the chapter. If this committee were to realize fully their responsibility they would be astounded at the duty lying before them. The future of the chapter! Could anything be more important?

Having found the pledge, his training should be to the end of making him a loyal member of the chapter and fraternity and a credit to the organization he represents.

10 YEARS AGO
(August 1952)
E O BROADCAST

Not so very long ago a New York professor of sociology, who appeared on television in connection with a round-table discussion on success, expressed the opinion, or rather suggested, that one had to be crooked in order to be successful these days. Apparently success in these times doesn't mean what it did when our forefathers came to this country, nor what it did only a few years back. It is hard to understand how or why a professor whose job it is to train and educate young people, can advocate anything which is the least bit dishonest. Professor or no professor, anyone who attains "success" by dishonest or foul means is anything but successful.

It is true that in striving for success one invariably has to take some risks. Most of the truly great and successful men in America reached the top because they were not afraid to work, sought for something more than just "security," had vision, believed in their fellow men, and had goals which they wanted to reach.

One of the troubles which the average individual in the topsy-turvy world of today is that he is looking for the easy way of life and is disinclined to set a course for himself, and then to strive for some particular goal. When a mariner goes to sea, he has a port of destination or return; an explorer has a compass to guide him. It is not always easy or possible to stay on a set course, but when unforeseen circumstances arise, or it becomes necessary to detour for a little while, the man who has direction and some particular goal in life seldom lets anything interfere for any great length of time with that direction or purpose. There are still trails which can be followed, and also there are still new trails which can be blazed.

SCAPEGOATS
By William I. Marable

Scapegoats are never lacking on any occasion. For example, whenever there is a crisis, some person or group will be sought to be censured for the reverse. Frequently these explanations and theories are based on

(Continued on page 76)
Beta-Kappa Members Enthusiastic About Sport

By John W. Towler

JOHN TOWLER and Sherman Johnson who are members of the Phoenix Chapter of the Four Cylinder Club, along with T. J. Witter—Beta-Kappa Sage who is expected soon to become an FCCA member—and Dwight Gibbs who is an interested prospect for membership in both organizations, went to Jerome to work in the Fourth Annual Ghost City Hill Climb where a new time record was set on Sunday, May 20.

Robert Montana of Phoenix, driving a Valiant engined Lotus in D-Modified Class, ran the 1.4 mile course in 51.1 seconds to break the record set last year by Tucson physician, Bill Rogers, who drove a Porsche Carrera through the same course in 53.1 seconds.

The crowd of well over 6000 persons jammed themselves along the narrow streets of cliff-tiered, crumbling but picturesque Jerome, once a booming mining town that produced from Mingus Mountain over a billion dollars worth of copper, gold, and silver during seventy productive years. Founded by Eugene Jerome, a cousin of Winston Churchill, who developed its first and largest copper mine and city named for him until it supported thousands of men and their families, Jerome was incorporated in 1899 as the fifth largest city in Arizona. When the mines were abandoned the few "ghosts" who remained residents organized the Jerome Historical Society to preserve community relics, unique sights, and atmosphere.

Sigma Pi members worked last year under John Towler (then the only FCCA member) at the Start Line where they met and came to know many of the sport car drivers while they went through the routines for the starting of each entry.

This year the group chose to operate as a unit on the approach to and on Curve 7 as flag team at the spot they felt to be most dangerous. And there were spectacular spills to thrill the Sunday crowd.

John Herbert of Phoenix roared out of the steep No. 7 Curve and plowed into the hay bale barricade overturning his Austin Sprite in the air and with wheels still spinning the roll-bar balancing held the helmeted driver unhurt but waiting uncomfortably upside down.

Later a truly spectacular almost-spill on Curve 7 stirred an appreciative crowd into wild cheering for the feat of expert driving that took a Porsche fast skidding into the hay bale barricade and in split-second timing, bouncing it into the air, almost turning over, balancing itself at the last possible point, but with driver in full command, then roaring on in his race against time.

No. 2 Turn made second bid as trouble spot when Rick Benowitz (Phoenix) made like a fly as he lost control in the turn, careened into a stone wall, then drove his Triumph along the wall fifty feet before he could stop, also an unhurt driver.

It was an exciting weekend with approximately 130 entering for trial runs on Saturday and timed runs on Sunday. A hundred volunteers planned and worked for weeks to make the event a success and prepare every detail. It took 10 tons of baled hay, placed at strategic points, to provide protection for drivers and spectators. Six miles of communications wire provided flag phones at all turns and for phones at Start Line.

Car at start line on narrow street of ghost city of Jerome.

THE EMERALD OF SIGMA PI
and Finish Line and in the Pit; also wire for public address system and to link electronic timing equipment between Start and Finish Lines. It is interesting to know that timing equipment has to be accurate to within one-hundredth of a second. Clocks actuated by photo-electric cells are used at Start and Finish Lines to give official split-second readings. The flag control teams at each turn and approach has a flagman observer and a phone man to warn the driver of an accident ahead or a hay bale skidded into the road. The whole event is not an easy job but it is always a labor of love that nets satisfactions in good team work.

Sponsors have been inquiring and now negotiations are under way for next year’s Hill Climb to be covered by the nationally televised Wide World of Sports. Watch for it next May and you can see the Ghost Town and western scenery as background while viewing the vivid action and excitement of the Ghost City.

Last month Sigma Pi brought home first place trophies and dash plaques from the annual A-1 Rally with John Towler driving and Dwight Gibbs assisting as navigator. Winners in the 65 mile event came in one second fast at one check point, five seconds slow at another for a total of ten points. Second place score was 12 points with last of 35 cars coming in with a score of 5,18o as check point total. Since several members of Beta-Kappa have recently acquired sports cars, interest has sparked chances for Beta-Kappa to put on its own rally next year at A.S.U.

---

**ETA TO CELEBRATE**

Eta Chapter at Purdue University chartered on June 8, 1912, has made extensive plans to celebrate its Fiftieth Anniversary on August 17-19, in Lafayette, Indiana. The headquarters, in addition to the chapter house, will be the Congress Inn located just outside the City on U.S. Highway 52.

The Program Committee consists of: Cletus A. Broecker '29, Robert F. Berns '28, Guy J. Mackey ’29, Carl W. Moellering ’22, and Vern W. Weekman ’53. There are four members of the Publicity Committee; namely, John W. Gramelspacher ’43, Guido E. Schloot, ’17, Paul G. Willen ’34, and Frederick T. McCurdy ’16.

The committees, along with the officers of the active chapter, have worked hard to provide a Golden Anniversary program which will meet with the approval of and be enjoyed by everyone. The weekend will start with a buffet supper at the Congress Inn on Friday, followed by a reunion and social get together. A tour of the house and campus is scheduled for 10:00 to 12:00 noon on Saturday, with the afternoon free. The Golden Anniversary banquet is scheduled for the evening, followed by entertainment and a special Golden Anniversary program. Sunday morning has been set aside for attendance at church services and good fellowship. Farewells will come anytime after the 1:00 P.M. Sunday dinner.

EXTRA! EXTRA! A last minute change has had to be made in Eta’s plans for it's fiftieth anniversary. The celebration originally planned for August will now be held on the weekend of Purdue's homecoming in November.
ZETA CHAPTER

On Its 50th Anniversary

Sigma Pi installed its chapter at Ohio Northern University on June 1, 1912. The Golden Anniversary celebration was held on the weekend of May 19, 1962 and was a proud and happy occasion for the alumni and undergraduates.

Preparations for the occasion began in March when personal letters were sent to all the alumni announcing the proposed plans for the festivities and explaining the present status of the Chapter. Later special invitations were mailed to the alumni, and to the president, vice-president, and deans of Ohio Northern University.

The anniversary activities began with a dinner-dance at Beatley's Hotel at Indian Lake in Russell's Point, Ohio, on Friday, May 18. After the invocation by Second Counselor Daniel Barker, a steak dinner was enjoyed by everyone. Then the guests were introduced and welcomed officially by Sage Gary Benes. Awards were presented to the outstanding Active of the year, John S. Harbison, and to the outstanding Pledge of the year, John G. Weber. A special award, an engraved gavel, was presented to Past Sage Donald Beal for the excellent work accomplished during his period in office.

A set of engraved glasses and glass rack was given each alumnus as a favor and a cut glass perfume bottle was given to each lady.

As couples prepared to dance, an orchid corsage was given to each of the girls. The men wore miniature orchid boutonnieres. The dance music was supplied by the Keynotes. An occasional walk to the terrace on the lake made the dance quite pleasant. During the intermission the Orchid Ball Queen was announced. The coed chosen this year was Miss Chris Cleary, pin-mate of Keith Anderson. Miss Cleary is also Zeta's 1962-63 Sweetheart of Sigma Pi.

On Saturday afternoon the festivities were concluded with a picnic held in Ada City Park. Quite a few alumni attended the 50th Anniversary celebration and expressed their interest in and satisfaction with the chapter. The alumni, the university guests, and the members of the brotherhood, enjoyed a very pleasant and successful celebration of Zeta's Golden Anniversary.

ALPHA-PHI

Alumni Banquet Celebration

Alpha-Phi celebrated the sixth anniversary of reactivation on the University of Georgia campus with its first alumni banquet May 19, 1962. Present for the occasion in addition to the undergraduate chapter were many alumni from both Alpha-Phi and Psi (Emory University) chapters. Brother Carlton Mobley, former Congressman and a State Supreme Court Justice, addressed the group.

Alexander E. Wilson, Psi-Emory, was presented an award by Alpha-Phi chapter for his outstanding efforts on behalf of the Chapter. Lawrence H. Bixby, Alpha-Phi, received the award for the outstanding alumnus of the Chapter. Ralph Pierce received the President's League Intramural Trophy.

The banquet, which will become a yearly event, helped further to remedy what has been a difficult situation for Sigma Pi at Georgia. A major weakness in many relatively new chapters of national fraternities is the lack of alumni support since a number of years is necessary to build a strong alumni organization. Psi chapter, which for many years was the top chapter of Sigma Pi in the south, became inactive in 1958 leaving a well-organized alumni club of distinguished brothers in the Atlanta area. Full cooperation between Alpha-Phi and this group is expected in the future.—Jim Nash

ALPHA-MU

Car Wash for Charity

Each spring the members at Sigma Pi at Newark College of Engineering wash cars for charity. This year the car-wash event was held on May 19, in a parking lot adjacent to the College. Chairman Andy Dembicks announced that the proceeds would be donated to the Newark News Fresh Air Fund. The amount raised was $105.00. Some 50 brothers participated in the project.

THE EMERALD OF SIGMA PI
MEMBERS AND PLEDGES OF ALPHA-MU CHAPTER at the Newark College of Engineering on the job at the Sigma Pi annual car wash for the benefit of the Newark News Fresh Air Fund.

The weather was just right as "the boys" wielded sponges and wiping cloths on the car-wash assembly line on one of the hottest days in May. When the work was over at 4:00 P.M. all enjoyed the refreshingly cooling water fight which followed. Although tired from a long day's work, everyone rounded out the day with a Polynesian party held at the chapter house in the evening.—Norm Argast, Jr.

THE MEN OF ALPHA-UPSILON
Expansion at U. of R.I.

The most recent move by Greeks at the University of Rhode Island to enlarge their facilities on campus was made by Sigma Pi. This move by Alpha-Upsilon Chapter highlights the remarkable growth of the chapter during recent years.

Prior to 1960 Sigma Pi was a residence hall fraternity housed in Bressler Hall. In 1960 the house at 99 Upper College Road was purchased; it provided a home for twenty-five members as well as a chapter room, social room, and housemother's apartment.

The following year plans were announced to build an addition as soon as finances could be arranged. Financed solely through the alumni, the much needed addition was completed in February of this year.

Architecturally, the University yearbook described Sigma Pi in these words: "... the house-plus-addition, will constitute ... a representation spanning more than three hundred years, incorporating the best features of the House of Seven Gables and the Seattle World's Fair."

The Seattle World's Fair Building fills in what was missing in the old house. A modern kitchen and accompanying dining room amply handles the feeding of fifty hungry men and can handle more if need arises. With a rearrangement of tables and chairs, the dining room serves as a spacious area for Saturday night parties and sorority socials. Not to leave the ladies out, a powder room, tiled in pink, was incorporated in the scheme of things downstairs. A sliding door opens from the dining hall onto a fifty foot sunken concrete patio.

Upstairs are facilities for twenty-four men in six four-man, combination sleeping-study rooms. This nearly doubles the capacity of the chapter as there are now sleeping accommodations for up to fifty men in the joined houses. A passage-way bridges the two buildings so no one has to go out into the cold night air to go from one section to another.

In retrospect, Sigma Pi in the past three years has been the most rapidly expanding fraternity on campus. All indications point to this expansion continuing with no stops.

—F. Gerard Nault

FOR SUMMER, 1962
KARLHEINZ PETER

At one time or another every chapter has a particular brother of whom each and every brother can be especially proud. The actives and pledges of Beta-Sigma salute Brother Karlheinz Peter. It was he who helped develop Beta-Sigma Chapter at Northern Illinois University into what it is.

The Chapter could not be where it is today if it were not for "Kurgle." From now on the Chapter will be on its own but can stand now and grow because of his efforts.

Karl has served the Fraternity as pledge trainer, vice president, and Sage. The brothers were not the only ones who profited from his talents. He was chosen president of IFC last year. He worked diligently to better the fraternity system at Northern. His work will not go unnoticed. Dynamic is a word for Karl and dynamic has been the work he has done for Sigma Pi. It probably will be some time before Beta-Sigma again has another quite like Karl.

The Chapter members hope that this article will not be the last in praise of Karl. He deserves much more. The Chapter wishes him the best of luck in the coming years.—Glen Engelhardt

JOHN D. HASKELL

On May 20th of this year, the University of Rhode Island had the honor of appearing on CBS-TV's "G.E. College Bowl." Alpha-Upsilon Chapter was honored to have as a member of the U.R.I. panel, Brother John D. Haskell of Providence, Rhode Island.

John, having an extensive literary background, served as "anchor-man" for the panel. The only other fraternity man on the panel was the team captain, Joseph Mollica (Sigma Chi).

John Haskell in addition to being the Chapter's TV personality also served the Chapter in the capacity of Fourth Counselor in 1961-62. A senior in Liberal Arts, he graduated at commencement ceremonies on June 11.—F. G. Nault

THE EMMERALD OF SIGMA PI
CONVOCATION INFORMATION

The 1962 biennial meeting of the Grand Chapter will be held at the French Lick-Sheraton Hotel, French Lick, Indiana, August 30-September 1. The condensed program appears in the adjoining column.

Every chapter is required to be represented by at least one official delegate. Provided his chapter has paid its annual dues in full, the delegates will be allowed round trip transportation expenses and a credit of $60.00 on his hotel bill. The special convention rate, American Plan, is $15.00 a day per person, two to a room. The rate for a third person in a room is $13.00 a day.

The 1962 Convocation will be a memorable one by reason of the fact that a pilgrimage will be made to Vincennes for ceremonies dedicating the memorial headquarters which will house the Executive Office. The move from Elizabeth, New Jersey, will not take place until sometime after the school year 1962-63. A dinner and dance at Vincennes University will follow the dedication ceremonies.

The custom of concluding a Convocation with a banquet will be followed again this year. In addition to the usual awards which are presented, the Fraternity will honor several alumni who have rendered outstanding services to Sigma Pi, or whose contributions and prominence in some particular field is deserving of special recognition. The Founders Awards to alumni will be given only at biennial convocations. This year will be the inauguration of such awards. The names of recipients will not be announced until the convention banquet.

With more than 2,000 members of Sigma Pi in the States of Indiana and Illinois alone, it is anticipated that a record alumni attendance might be recorded, especially for the concluding day of the Convocation. The special hotel rate is in effect for the weekend for all visiting alumni.

The Grand Chapter in conclave assembled is the legislative and controlling body of the Fraternity. It is, therefore, primarily a business meeting. Nevertheless there is a lighter and enjoyable side of every convention, not the least of which is the opportunity to enjoy to the fullest extent good fellowship along with renewing old and making new friends. This applies equally as well to the wives and families of wearers of the Greek Cross.

Come, come, come to the ... Convocation!

FOR SUMMER, 1962
with the chapters

BETA CHAPTER

Indiana University

Beta Chapter has high hopes of raising its present pledge class of 15 men to 20 or 25 for the next school year. At this rate we would have close to 50 or 60 members to move into the new house which is scheduled for completion in the fall of 1963. Summer rush parties were held on June 23, and July 7 and 14.

The Orchid Formal, "Spring in Japan," was a big success. Margaret Louise Wilke, ZTA, was elected Sweetheart of Beta Chapter. She is pinned to past Sage Pat Roberts. Linda Arnholt, pinned to SC Larry Overholt, was the other candidate in a very close race. The decorations were centered on a bridge over a pond containing fish, with a Japanese backdrop.

The "Little 500" was marked by numerous accidents, each costly to the Beta Chapter team. Although our team didn't win, we still are in 8th place for the 13th year in overall standings.

This summer three of the brothers are attending summer school and living in the house, so if any of our brothers from other parts of the country are traveling, be sure to stop in and see us.—Michael J. Havert, Correspondent.

ETA CHAPTER

Purdue University

Eta ended the year in fine style socially with the Orchid Formal on May 19. The brothers worked long and hard in preparing the house for the Polynesian theme. The front porch was turned into a bamboo hut which led into the living room. The living room was decorated in wild exotic colors placed over fish nets which hung from the walls. In one corner was three feet of sand which made up two small pools and in another corner stood a small water fountain. Miss Margie Paster, Phi Mu, was crowned queen of the formal and was presented a bouquet of roses along with her trophy.

Another important weekend was when the brothers entertained their mothers for Mother's Day. Most of the members took their moms to the University Sing on Saturday evening and then brought them back to the house for a party. We ended the day by serenading the mothers that evening. The weekend was ended in perfect style with the formal banquet held after church on Sunday.

The Sigma Pi's were well represented in spring sports this year. Senior Gordon Arnsperger starred in left field the entire baseball season and led the Big Ten in batting part way through the season. Junior Jerry Saxton proved his skills in running the two-mile for the varsity track team.

Roger Crane and Dave Steenbarger were initiated into Kappa Psi professional pharmaceutical fraternity, and Bob Thomas was elected secretary of Sigma Delta Chi. Jerry Saxton had the honor of being the president of his Pi Tau Sigma pledge class.

This summer the 50th Anniversary of Eta Chapter will be celebrated with three full days of activity here at the chapter house, beginning August 17.—Dave Steenbarger, Correspondent.

THETA CHAPTER

Pennsylvania State University

The members of Theta are looking forward to a full year with a capacity house in the fall, but cannot help remembering the men who will be graduated this year. They have all given the utmost in time and effort to help make Theta the great house that it is. We who are left behind appreciate immeasurably their help in preparing us for brotherhood and wish them much luck and success in the future.

Jimie Beni, metropolitan opera star, made a return visit this term and for our Mother's Day party was kind enough to present a recital which helped to make the weekend a success for all concerned.

The Orchid Ball on May 5 was a gala event that will long be remembered. Judy Williams, wife of Doug Williams, was chosen Orchid Lady. Gordie Bennett was selected as the most outstanding senior, and Don Staltarelli the outstanding pledge of the fall 1961 pledge class. Bob Kachler received an award for scholastic achievement in the Air R.O.T.C. and Theta Chapter won an award for placing fourth in the annual Stone Valley Works Project.

All in all the spring term was one to be re-
membered. The chapter is now making plans for and looking forward to the convocation in French Lick, Indiana.—DENNIS N. DIAS, Correspondent.

IOTA CHAPTER

University of California

This summer Iota plans a vigorous rushing program with functions being held in the Berkeley area, Fresno, and Los Angeles to acquaint prospects with Sigma Pi. Dick Glasspool, rush chairman, will tour the state meeting rushees. An elaborate rushing brochure is also being planned to attract new members. We expect to find ourselves with a large fall pledge class.

Iota held its Spring Formal at Fort Bragg this year. The event consisted of two picnics, one at the seashore and another one twenty miles inland, and a banquet and dance. Our pledge party, also an overwhelming success, was a Japanese costume party, Japanese outfits, rock gardens, and a small bridge helped to create the oriental atmosphere.

Changes in the appearance of the house are being made this summer. A cement basketball-volleyball court is being planned for the backyard and a recreation room inside the house for ping pong and television is also being arranged. The library will be used exclusively for study. During spring semester the floors were redone and a new ceiling taken care of and better lights installed. A new mosaic insignia made by Mrs. C. E. Dyer now ornaments the trophy case.

This year's Founders Day banquet was held at the Whitcomb Hotel in San Francisco. Members and alums enjoyed the opportunity of meeting each other again and viewing the many changes which have taken place in the house as compared to years ago.

A large collection of books is being added to the library. Reference material, yearbooks, classics and paperback novels are being added to stimulate members' reading interest.—MIKE DOAN, Correspondent.

XI CHAPTER

State University of Iowa

Last summer many of the brothers worked on Xi's house and repainted all the rooms. This summer the house is going to get another face lifting, but this time on the outside. The house is Old English stucco and has been gray with blue boards since we first acquired it two years ago. This summer it is going to be returned to the traditional colors, beige stucco with dark brown boards. It will probably be a big shock to many of the brothers in the fall when they see it for the first time.

As is the practice with many chapters whose universities have winning football teams, we at Xi occasionally bet a skin with another chapter on the outcome of a football game between the respective schools. We made such a bet last fall with Beta Chapter. The Iowa Hawkeyes won the game and so knowing that Beta is very trustworthy and prompt, we expected our skin within a few months. Xi is not one to complain, but we do feel that eight months is more than ample time to mail a skin to us. Maybe Beta questions the outcome of the game; however, with Iowa outscoring Indiana 27-8, there seems to be very little to dispute. The only explanation available is that Beta must have considered Iowa such a superior team that they thought Indiana was entitled to an automatic 20-point handicap. Even though the Iowa Hawkeyes had a slow day, Xi would appreciate receiving that skin in the near future.—CHUCK JOHNSON, Correspondent.

SIGMA CHAPTER

Iowa State University

Sigma Chapter is happy to report that it will have 25 men back for Rush Week. Although this may not seem like many to some chapters, it will be almost double the crew on hand for Rush Week 1961. As most have already observed, Sigma Chapter is on the way UP!

Graduating from Iowa State this spring were Phillip Ellingson and Richard McConnell. Larry Sayers and Merle Pierson moved out of the house this spring, Larry having been married on June 3 and Merle on June 10.

Bros. B. Hochwald, D. Lott, and M. Peterson and Pledges D. Calkins, C. Hoffbauer, and B. Schaffer are regulars in the Navy R.O.T.C. program at Iowa State and therefore are all going to enjoy an eight-week cruise this summer. Some of the expected points of interest are Bermuda and Europe. Bros. G. Sellman and L. Sayers are also going to spend part of their vacation with the military; they are going to Army R.O.T.C. summer camp.—BLAIR FELLER, Correspondent.

OMEGA CHAPTER

Oregon State University

Spring 1962 proved to be an eventful term for the men of Omega. A full social calendar included several exchanges and firesides. The highlight of the year socially was the Orchid Ball, held at Surfides resort on the Oregon coast. At the ball Miss Lavonne Marks, Alpha Gamma Delta, was crowned Orchid of Sigma Pi. This event was a grand success and proved to be the talk of the campus for weeks afterwards.

Several men were on campus: Chap Stranahan, president of Phi Eta Sigma, freshman men's scholastic honorary; Dick Marcum, treasurer of FOR SUMMER, 1962
Phi Eta Sigma; and Jan Baxter, band leader. Keith Baxter was a member of the varsity tennis team. His doubles team captured second place in the Northwest college tournament.

Omega participated actively in intramural softball but failed to bring home any trophies.—Bill Foster, Correspondent.

ALPHA-ETA CHAPTER

William and Mary

Second semester has quickly passed and finals have come and gone. Vacation time is here for a few of us at least, but for many there is summer school, jobs, or R.O.T.C. camp to look forward to.

Our last newsletter stated that Alpha-Eta had a good chance of winning the intramural athletic trophy; sorry to say we only made second place. Not all was lost, however, for graduating Bro. Lyle was named Outstanding Men’s Intramural Athlete of the Year. The softball team posted a .500 season and performance in golf and track was fair. Bro. McDougall won the badminton crown and has been a number one participant in every single intramural sport, in addition to holding a position on the W. & M. cricket team along with Bro. Kirkup. This has been our best year in intramurals and we have every reason to expect that next year will be even better.

Socially the spring season was enjoyable and had its usual share of parties. Highlights were the Orchid Ball Weekend at Hotel Chamberlin, Fort Monroe, Virginia, and the IFC Weekend featuring the Jammin’ Jammers of “slow twist” fame. The semester came to a climax with the best spring finals weekend ever—the Jammin’ Jammers again and an outdoor dance with Maynard Ferguson!

This year’s rush program proved highly successful. Use of the usual man-to-man tactics and a new rotation system at formal smokers helped bring in a total of twenty new pledges in formal and informal rush. Similarly rewarding was the fact that we were able to initiate all eleven pledges from formal rush.

Next year should be among our best. Returning to school early to serve as freshman orientation group leaders are nine brothers. Our members continue to serve in a wide range of campus activities: Bro. Tugman, president of the Political Science Forum, and Karl Zavitkowsky, president of IFC and just re-elected to the Men’s Honor Council, are typical examples of our participation. Rush next year will be sparked by our powerful sophomore class and our intramural program will be given a big boost by such members as Micky Taylor, our most recent pledge who holds the intramural tennis title, and wrestler Fred Everitt, the 157-pound class champ.—J. M. Goodell, Correspondent.

ALPHA-THETA CHAPTER

Beloit College

The outstanding successes of Sigma Pi in the past two semesters have been climaxed in definite plans for the construction of a new house to be valued in the neighborhood of $225,000. Our future home, set for completion by the fall of 1963, will be a tremendous social and material asset to the expanding chapter it is designed to hold. The administration’s decision to build was made secure by the chapter’s long list of recent accomplishments.

All indications point to our possession of the IFC scholarship trophy for yet another semester, this time to retire the cup. Our participation in Greek Week aroused great admiration from the campus, especially for Wild Nell, Pet of the Plains, a humorous parody on the “moving burlesque” of silent films, Sigma Pi’s success in the Greek Sing, in which we managed to outshine many of the larger houses, may be attributed largely to the efforts of Jim Wing, our talented music director.

With a man in every varsity sport and extensive participation in intramurals, the chapter is pleased with this semester’s athletic record. Steve Rex was chosen most valuable intramural athlete. In the same spirit, Sigma Pi took first place in the Beloit College Bowl, a campus radio series patterned after the intellectual contest seen on national TV. Our four team members, Randy Heuston, Bob Carlson, Roger McGuire, and Kevin Hargreaves came out on top of the fourteen Greek and independent groups that participated.

Our South Seas Luau topped off the spring social season and provided a real challenge for the culinary and decorative talents of the brothers. A big home-cooked dinner including steak, shrimp, stuffed pineapples, and tossed salad, together with a tremendous combo and some ingenious decorations, made the affair an instant success.

The outstanding individual attainment of the semester came with the election of Al Barta to the presidency of IFC. Several men are on the Dean’s list and Jim Wing was initiated into Phi Eta Sigma honorary scholastic society for freshman men. Five of the brothers are active in WBCR, the College radio station, and hold key positions in the news and engineering departments. Les Marriner and Bob Carlson were both selected to participate in the Geneva Seminar, a summer of study and travel in Europe for outstanding students of international relations. Roger McGuire is the new president of the Young Republicans organization, and Kevin Hargreaves heads Maurer Religious Fellowship. In fact, every individual in the house has con-
tributed more than his share to the future success of the fraternity and the campus as a whole.—KEVIN HARGREAVES, Correspondent.

ALPHA-IOTA CHAPTER  ΣΠΙ

Missouri School of Mines

The spring semester of 1962 will long be remembered at Alpha-Iota as one that was bursting with firsts and accomplishments. Again the pride of the chapter was our ten-man pledge class, the largest second semester pledge class in many years. Intensive rush continues. A newly seeded lawn was the result of a pledge project.

Inside the house the major improvement was the arrival of four new chairs for the house library, which were purchased by our ever active Mothers Club. This enabled us to move the former furnishings into the chapter room and completes the set of three nogalite couches and matching easy chair.

It was a long and busy semester and we must have worked hard because when the "Announcement of Awards" was published for the 1961-62 school year, Sigma Pi was well represented by Bill Wasson, Rich Swanson, Andy Bascue, Bernie Ebert, Bill Loth, Bob Gollhofer, Kent Thoeni, and Nick Alonge. With the help of these brothers and our pledges we have high hopes for the IFC Scholarship Award.

In addition to the first pledge project, the spring semester saw Alpha-Iota's first Greek Weekend Queen in the person of Miss Patricia Ann Rutledge, escorted by Bob Wagner. Adding to the success of the weekend, the Booth Committee, headed by Bruce Gregg, turned in a third-place in money returns. All the money raised at the carnival was donated to Missouri Boys Town.

Greek Weekend was also the date of Alpha-Iota's first Orchid Ball, the climax of which was the crowning of Miss Betty Sue Campbell as Sweetheart of Sigma Pi to reign in 1962-63.—Nick Alonge, Correspondent.

ALPHA-MU CHAPTER  ΣΠΠ

Newark C. of E.

Recently Alpha-Mu received community recognition for its contribution of $105.00 to the Newark News Fresh Air Fund. Turning out in full force, the men of Alpha-Mu cleaned approximately 100 cars in their annual car wash for Charity. The day's project ended in a mass water fight which was enjoyed by all.

At the recent Interfraternity Council Awards, Alpha-Mu took away some very impressive trophies. Among these were the IFC softball and football championship. Alpha-Mu also had a good showing at the College athletic awards dinner where several Alpha-Mu's received recognition in varsity soccer, fencing, and baseball. We are looking forward to next year's seasons when the captains, Alpha-Mu men, will lead the soccer and fencing teams in increasing their respective string of victories.

The men of Alpha-Mu hereby issue a challenge to all chapters to attempt to stop Alpha-Mu from taking home from the French Lick Convocation the Attendance Award. When done, it will be a repeat performance of the Williamsburg Convocation.—NORM ARGAST, Correspondent.

ALPHA-UPSILON CHAPTER  ΣΠΙ

University of Rhode Island

Alpha-Upsilon Chapter graduated eleven seniors this year at commencement ceremonies on June 11. Four men each were graduated from the College of Arts and Sciences and College of Business Administration, and the remaining three were College of Engineering graduates, including one in Tau Beta Pi, honorary engineering Greek-letter organization.

Looking back over the semester, the house always seemed to keep on the go. The Orchid Ball capped our social season. It was held at the Valley Ledgemont Country Club in West Warwick, Rhode Island, on May 4. Highlight of the evening was the crowning of Miss Irene Finerty, Alpha Chi Omega, as Queen.

The chapter will lose its housemother, Mrs. Charlotte Niven, at the end of this year. We honored Mrs. Niven at the Orchid Ball by presenting her with a silver plate and roses, for we owe a tremendous debt of thanks to a most understanding and loved housemother.

Our physical plant was and is being manicured a bit. With the financial aid of interested alumni, a 540 square foot sunken patio, with concrete floor and cinderblock retaining walls, was laid and ready for the University's Open House in mid-May. Also, with money raised through a joint brotherhood-alumni raffle, the "old" house is getting a much needed paint job this summer. This fall a lawn will be started in front of the addition, together with other small projects that should shape up the grounds nicely. Might even be that we won't recognize the place when we come back in September.—F. GERARD NAULT, Correspondent.

ALPHA-PHI CHAPTER  ΣΠΠ

University of Georgia

This year has undoubtedly been our most successful since reactivation. Our membership has increased from 43 to 84 (with only an expected loss of around ten men before next year) and with a successful rush our numbers should be brought up to about 100 men. We won the intramural athletic trophy (we were at the FOR SUMMER, 1962
bottom of the league only five years ago) and our prestige has come up a great deal to a point where we are a recognized power. We will be working even harder next year.

Chuck Camp and Frank Fulford, two boys very active in the fraternity and on campus, have been elected to very important positions on the Interfraternity Council. This organization runs the student affairs on the University campus.

A birthday banquet and a rocking party highlighted the celebration of our sixth anniversary. Judge Carlton Mobley, a highly distinguished alumnus of Sigma Pi from Mercer University, was our guest speaker and was quite entertaining. We had a number of alumni present and they were afforded an opportunity to get to know us better and we in turn to become better acquainted with them. This meeting met with much success and we will continue to improve chapter-alumni relations for we believe an active chapter can go on only so far without its alumni behind it at all times. At the party we evening were entertained by Maurice Williams and the Zodiacs. Jim Bracknell deserves much of the credit for the success of the evening.

Our Mothers Club, under the leadership of Mrs. Larson and Mrs. Jennings, is progressing at quite a rapid rate with many plans for re-decorating the downstairs of our house. At present the mothers are conducting a raffle for a mink stole. We surely appreciate their efforts on our behalf.

Intramural Manager Ralph Pierce has won the Outstanding Intramural Athletic Award, which requires a person to be a very good all around athlete. Ralph has done a great deal in helping us to capture the Intramural Athletic Trophy.

Brotherhood and hard work has made us grow and it will continue to do so.

BETA-GAMMA CHAPTER

Eastern Illinois University

With the close of the school year, the men of Beta-Gamma look back on another successful year with much pride. Though the early fall had its disappointments, the year was topped off by very successful winter and spring quarters by the Sigma Pi’s at Eastern.

The 14th annual Orchid Ball was held on April 5 and was a great success. It is still considered to be the best formal on Eastern’s campus. As the warm spring days saw the men of Beta-Gamma get that old glint in their eyes, you could tell it was either love or the knowledge that school would soon be out, and everyone was quite social minded. Numerous social events were held, among which was a picnic and dance with Delta-Zeta sorority and coke hours with Sigma Sigma Sigma and Sigma Kappa sororities.

On the athletic scene the deltas were quite active in spring baseball, golf, tennis, and track. We reached the finals in tennis and baseball, and retained our track championship for which we are especially grateful to Bob “Mathias” White who was the high scorer in the entire meet. Delta Larry Weger received the Eastern News Trophy for greatest percentage of free-throw completions during the basketball season. Our men were active in varsity athletics and we were represented by Tom Von Bergen and Gary Anderson on the baseball team; Barry Wilber and Jim Higgins in tennis; Bob DuHadway, Mike Liggott, and Roger Van Dyke in golf; Ron Leibig, Tom Christy, Jerry Grandone, and Ray Weger in track; and by Jim Quinlan on the cross-country team.

As we look back on the year, we note that 43 men were pledged and we anticipate that rush will prove even more successful next year. The close of the year brings a little sadness because of our graduating brothers, but some joy because of the fact that Mrs. Dye, our housemother, and Mrs. Sly, our cook, have chosen to remain with us another year.

We look forward to meeting many Sigma Pi undergraduates and alumni at the French Lick Convocation late in August. V. J. Mockaitis, Correspondent.

BETA-IOTA CHAPTER

Arizona State College

After a wonderful year, summer finally rolls around again. The year 1961-62 will long be remembered by Beta-Iota Chapter.

The latter part of the year we held our Orchid Ball at Paradise Inn in Phoenix, Arizona. It was the greatest ever thanks to the planning committee made up of Bill Aker, Gene Story, and Bill Mitchell. A Pool Party, also held at the Paradise Inn, was followed by a dinner at which lovely Miss Ann Burnett was crowned Beta-Iota Sweetheart. Miss Burnett is from Escondido, California, and is majoring in elementary education and is a minor in physical education.

As the days became warmer, we held our annual Grand Canyon Hike. This year we hiked to Havasupi Canyon with Gamma Phi Beta sorority. We all enjoyed swimming at the bottom of Havasupi Falls. After resting a few days, Greek Week started. There were various things happening every day. Sage Bill Aker was crowned Apollo along with Dr. Max Basemann (faculty brother) as Teus. During the week we won most of the major events such as the bicycle race and talent show. This was the climaxing big event of the year.

Not forgetting the various things to keep
Sigma Pi the best at Arizona State College, we have quite a few new ideas we will be trying out this coming year. One is better alumni chapter contacts. We are going to publish a chapter newspaper which we feel will do much to better our alumni relations. We plan to mail copies to all Sigma Pi chapters and hope that we might be placed on the mailing list to receive their publications. Also, we would look forward to receiving advice and help in publishing a chapter paper. Since we do not have a house, we feel this project may prove a little difficult. However, we feel we have done rather well to have 65 men without a house and hope that we will get a house one day and be able to improve more and more rapidly.—RICHARD L. WILLIAMS, Correspondent.

BETA-KAPPA CHAPTER
Arizona State University

The last few months have been colorful ones for Beta-Kappa. Several of the brothers went up to Jerome, Arizona to officiate at the Jerome Hill Climb, the most important Arizonian sports car event of the year. They spent Saturday, May 19, flagging and checking both track and cars to insure utmost safety. Jerome is actually a near-deserted ghost town and it seems strange to see it populated with MG’s and XK’s, and Sprites once a year.

On April 10 the Tenth Annual Sigma Pi Barbershop Quartet contest was held at Cosner Auditorium. We awarded first, second, and third place trophies, the first going to Delta-Phi. Plus the contestants of campus organizations and Greek groups, two professional barbershop quartet groups, the Devil-Airs and Bloomeranges, added much to the evening.

Last semester was one of scholastic success. Beta-Kappa received two IFC outstanding scholarship awards and was fourth in scholarship on campus out of 21 fraternities. It is interesting to note that we were tied with the second and third fraternities to the third decimal place.

The most colorful party of the semester was the Beatnik Party, which was sponsored by the pledge class, and it proved to be a huge success. The walls of the house were adorned with the finest masterpieces of splash painting. Decorations consisted of a mass of fish nets, seaweed, crawling crustaceans, bamboo, mobiles, and other sundry bits of atmosphere. Cool, syncopating jazz finished off the atmosphere.

Beta-Kappa looks forward to a summer of determined rushing. Competition on the ASU campus is becoming more intense each semester. The IFC is also imposing rather strict formal rush rules requiring no contact between rushees and fraternity men except during specific times. Thus the summer has become very important. With a good active chapter and pledge class nucleus, and with Bro. Johnson as summer rush chairman, we expect to meet this challenge effectively.

BETA-NU CHAPTER
Southern Illinois University

With the closing of the doors of 105 Small Group Housing, the brothers of Beta-Nu can look back on a very successful year.

Spring quarter brought mostly success and joy to the deltas of Beta-Nu. After returning from spring vacation, preparations for the two annual spring events, Greek Sing and Spring Festival, got into full swing. Greek Sing was the only disappointment of the quarter because of our inability to place in the competition.

The second activity of the quarter, Spring Festival, pictured Beta-Nu in full growth. The brothers are to be congratulated for their grand champion performance in West Side Story. Starring as tough guys in the play were Rick Kean, Jack Schrand, Bill DeMent, Rich Jordan, Lynn Paris, Ed Curtis, and Jim Ramey. Much of the credit goes to John Latta and Paul Brawley for their work in preparing the music for Spring Festival and all the other activities during the year; also to Fred Behrens for his fine job as chairman of the Festival for Beta-Nu, and Fritz Heller for his workmanship in constructing the theater which outclassed the others.

The brothers paid tribute to the graduating
deltas on Sunday, May 20, at Toms Restaurant. Warm moonlit evenings found the party loving crew heading for the beach.

Beta-Nu won the all-Greek Sports Trophy again for the third straight year. Fred Peleate led the keglers to the Greek League Championship. Members of the team were John Toale, Terry Ray, Fritz Heller, Dexter Phipps, and Jack Schrand. Peleate ended the season with a 1-6q average.

Although Beta-Nu had visions of taking all the all-school championships, Athenia Nike didn’t smile upon us in our bid for track and softball crowns. Although we didn’t take the top spot in the track meet we were able to win third place through the all-out efforts of Dave Harris, Charles Lerch, and Joe O’Dell. In softball we finished again in the “show” position. We were close to the championship until we fell into a slump the last six games. Dave Johnson was our leading pitcher with his famous slow pitch.

Through the efforts of all the brothers throughout the year, Beta-Nu will receive the “All-Sports” trophy for the third straight year. It has been a successful year for Beta-Nu in sports as we took the all-school football and basketball championships. Next year our goal will be all of the all-school trophies.—Ollie Rhein, Correspondent.

BETA-OMICRON CHAPTER

Long Beach State College

With the opening of the spring semester, success once again became the reward for hard work accomplished by the men of Beta-Omicron. At the conclusion of spring rush, Sigma Pi pledged 25 men, the largest spring class ever taken in the history of LBSC. Shortly after spring, ritual ceremonies increased the active chapter’s roll by 18 men.

The first major campus event of the semester for Beta-Omicron was the eleventh annual Spring Sing. For the third consecutive year Simga Pi captured the Men’s Division Title. Our selections of “My Favorite Things” and “Climb Every Mountain,” as directed by delta Mike Ryan, were so successful that Sigma Pi also took home the much sought-after Sweepstakes Trophy. This marked another first, Beta-Omicron being the first men’s group to ever win the Sweepstakes award in Spring Sing.

Members of Sigma Pi have been active in campus activities this semester, bringing recognition to Sigma Pi as individuals. Bro. Jim Shoultz has served this year as Commissioner of Elections and was recently elected to serve as A. S. Treasurer for the coming year. Jim Mahoney, chairman of the Spring Prom, will be chairman of Leadership Conference in the fall. Terry Carter has been elected president of Blue Key national honor fraternity. Jim Krulic and Kurt Swanson have served this year as president and vice-president of Circle K. Ken Mayginnnes, currently A. S. vice-president, will serve next year as Homecoming Chairman and varsity yell leader. Neil Meyer will be head varsity yell leader.

Bros. Mahoney, Mayginnnes, and Carter were elected to the offices of vice-president, secretary, and historian, respectively, of Statesmen, LBSC’s local men’s honor fraternity. Ralph Grosso has served this spring as president of Interfraternity. For the coming year, Larry Redman will be vice-president of that body. Jim Shoultz, Terry Carter, Ken Mayginnnes, and Jim Mahoney each received Gold Nugget Awards for their contributions in student activities. Jim Stotler won fourth place in the California State Rope Climb. Bob Franklin set a new school record in the freshman pole vault.

The Orchid Ball was held this year at the Thunderbird Hotel in Inglewood, California. Good times were had by all at a series of pre-parties and later at the dinner-dance. The new Orchid Ball Queen of Beta-Omicron is Miss Sally Taggard, Alpha Phi. Awards presented at the Orchid Ball were: Best Active, Leonard Alfieri; Best Scholarship, Lee Massick and Jim Young; Best Athlete, Laurie Banks.

Recently elected officers for the oncoming year are: Larry Redman, S; Larry Lennon, SC; Jay LaGregs, TC; John Perrone, FoC; Jack Peterson, FC; and Mike Ryan, H.

BETA-SIGMA CHAPTER

Northern Illinois University

With the close of the year, we pause to reflect upon the events of the past year which made it one of the most successful terms in Beta-Sigma’s history. We remember such outstanding events as the move into our new house, our all-school Playboy Dance, and the pledge rivalry for the Grecian Urn with the pledges of Phi Kappa Theta. We also received the highest grade-point average for the fall semester. Special credit goes to our pledge classes of the past year, and also to pledge trainer Gary Whittingler and his committee for their unflagging efforts with our new brothers.

Along with this we cannot forget rush. The success of rush was due to the able leadership of Don Klein, Gerry Ryan, and Ray Chrapkowski. We are far along in rushing men for next year and once again we are striving for quality rather than quantity.

The brothers who attended the province convention at Phi Chapter brought back many valuable ideas which we are acting upon right now. With the help of Phi Chapter alumnus Gene Stouffer, we are attempting several new activities, Gene, by the way, is responsible for

THE EMERALD OF SIGMA PI
the new piano in the house and we are certainly grateful for all he has done for us.

Rick Garcia and pledge Ron Inlow were elected junior and freshman representatives, respectively, to the May Fete Court, an honor for anyone. Ron was also UMOC candidate for Alpha Sigma Alpha sorority.

Our social season has been swinging until now. Such events as a Roman Fallout Shelter party with Sigma Kappa and an Alpha-Omicron Pi slaves for a day and picnic will long be remembered. We had a pledge exchange with Kappa Delta which brought about many new friendships. A party with the Phi Pi’s completed the sorority shindigs. Our formal on May 11 was considered the best ever and much of the credit for this event goes to Denny Douglas. Miss Merrylyn Richards was crowned Sweetheart of the year.

The Mother’s Day Banquet, run by the pledges, with the help of several actives, was a huge success. The meal and the entertainment all added up to a wonderful day for the “Moms” of Sigma Pi. The pledges gave the active body a complete fireplace unit.

News Bits: Kit Sutorius recently won the overall outstanding award for an oil painting at the McCormick Place Art Exhibit in Chicago. Our fraternity band “Rick and the Pledges” will give a jam session in the Neptune Central Lounge on May 25.

We will be losing with regret due to graduation, seniors Karlheinz Peter, Jim Gunderson, Forrest Pietsch, and John Thome.—GLENN ENGELHARDT, Correspondent.

BETA-UPSILON CHAPTER

Shippensburg State College

On April 11 the men of Beta-Upsilon exchanged pledges with Alpha Sigma, girl’s service fraternity. This Sigma Pi innovation was a huge success and will be repeated yearly.

On May 12 the following pledges were initiated: Gary Barnes, Charles Buffington, John Carne, Glen Ebersole, Bud Engle, Barry Free, Gerald Hershey, Ron Hoffer, Doc Humbert, Dick Kuhnert, Denny Levering, Tom Link, Dick Lowell, Dave Mathias, Carl Moore, Roy Peterman, Jim Tarman, and Jim Tasse.

Beta-Upsilon held its Orchid Ball at the Chalet Restaurant at Dillsburg, Pennsylvania, on Saturday, May 12. Fifty-nine brothers and dates, plus our three advisers and several alumni, attended. True to form, it was the biggest fraternal social at Shippensburg during the entire year. Miss Cora Asper, who was also IFC Queen, was crowned Queen by Miss Judy Shoemaker, last year’s queen.

The chapter had seven varsity lettermen during the past year. They included Bill McMillan, co-captain of the football team; Tom Grey, tennis team; Matt Hoover and Denny Levering, baseball; Glen Ebersole, wrestling; Mike McGuiigan, golf; and John Carns, track.

Bro. Karl Gable has received an appointment in the Air Force Academy. He will report to the Naval Aviation School, Pensacola, Florida on October 10, 1962. In the field of student government, Bro. McGuiigan was elected vice-president of the Shippensburg Senate. Bros. Bernhart, Fetterman, and Grenier were all appointed to permanent student government committees.

Sage Larry Kennedy and Michael McGuiigan will represent Beta-Upsilon at the 1962 Convocation in French Lick, Indiana late in August.—MICHAEL McGUIGAN, Correspondent.

BETA-PHI CHAPTER

Rochester Institute

All was not fun and play at Beta-Phi for the past few months. Much time and work went into our participation in RIT’s Spring Weekend. Our efforts paid off when our float depicting the finding of gold in California won first prize in the parade. Matt Arena’s float committee did a fine job with its design and construction.

Undergraduate and alumni brothers and their guests had a good time at the annual Orchid Ball. Our new officers publicly took over as the outgoing executive committee presented them with the pendants of their offices. The honor brother and honor pledge of the year were announced. Chuck West, our outgoing Sage, became honor brother for 1961-62. Peter Willard was named honor pledge. Peter received a double treat as he also won the pearl Sigma Pi pin which was raffled to raise money for the new Vincennes permanent headquarters.

We have expanded our community work in FOR SUMMER, 1962
the past few months, and have made plans to give a benefit party soon after school opens in the fall for the Thomas Dooley Foundation in an effort to help with their medical care program in Southeast Asia.

An all-day clambake and picnic rounded out the social calendar for the year. Plenty of food and fun made it a party worth remembering.

However, all good things must come to an end (or at least slow down) for the summer. The majority of the brothers have gone home for the vacation. A few stayed in Rochester and a few have graduated. We look now to a varied list of activities in the coming months and a return to the old campus in the fall.—BILL BARLEY, Correspondent.

BETA-PSI CHAPTER

East Stroudsburg State

Beta-Psi Chapter is still moving strong. In May we purchased a house on two acres of ground with two small cottages and a barn. Those of us living here during the summer sessions of school are roughing it as our furniture situation is rather bad. In fact, there is much work to be done on the grounds and house, but we will have everything ready, including the furniture, by September.

Our first regular pledge class of 18 men were initiated on May 18 along with the installation of new officers. The day after the initiation we held a party for all the brothers. Everyone had a great time, including TC Frank DiSimoni, who happened to find himself in the creek.

Congratulations are in order for Bob Doran, John Dunleavy, Bing McNulty, Jay Kirkpatrick, Tom Barrow, and Rick Carroll who were recently graduated and plan to go into teaching. Fair warning should be sent to Upsilon Chapter, actually to the whole city of Los Angeles, because two of the graduates, John and Bing, obtained positions with the Los Angeles School District.

Initiated by Beta-Psi were: Charles Keys, Michael McDonough, Clyde Reeder, Eugene Slaski, Swithin Chandler, Anthony Reduzzi, Larry Moyer, Alego Bartolacci, George Bennyhoff, Summer Bossler, Werner Graef, Louis Joella, Alexandre Levitsky, John Petronis, Garrett Redmond, James Tiernan, Robert Walters, and Raymond White.

The new officers installed were: John Fallan, S; John Winkler, SC; Carmen Pantuso, TC; Norman Muir, FoC; Fred Masenheimer, FC; and Gene Powers, H.

GAMMA-ALPHA CHAPTER

University of Detroit

The last quarter of the school year has proven quite helpful to Gamma-Alpha Chapter. In power and prestige we rank among the top three fraternities on campus. In popularity among the professors and sororities we rank first. We have been told that we are the most well mannered and well-bred Greek society on the University of Detroit campus by many of our high-ranking professors.

Gamma-Alpha is proud to boast the fact that one of our two seniors has graduated Magna Cum Laude. He is John A. Pazell. Also, both our seniors and one of our juniors have been accepted in Medical Schools, but Bro. Ronald Moquin has decided to accept an offer of employment. Bro. Pazell will attend the University of Michigan and Bro. Sheppeck has decided to attend St. Louis University.

This September we are sponsoring a "Greek Week" which will display all of the Greek societies to the incoming students in order to acquaint them with the different fraternities and sororities. At a dance the week our chapter band "The Emeralds" will provide the music. We feel that through this event we will meet more men and be able to choose those who are worthy to bear the title "Pledge of Sigma Pi Fraternity."
—THOMAS W. MAHER, Correspondent.

from the

EMERALD

(Continued from page 62)

false causal relationships. One chapter attributes its troubles to the lack of alumni support, another chapter will be in a depleted condition despite what the alumni have done, and a third chapter will be good regardless of the limited support of their alumni. Such examples suggest that the greater number of chapter debacles can be attributed to the incompetency of chapter officers and the failure on the part of the other active members to take their fraternity obligations seriously.
Jake Honored

Thirty-five years as a professional fraternity administrator dedicated to his work on behalf of Sigma Pi, has not slowed up Executive Director Jacobsen, nor lessened the regard in which he is held outside his own Fraternity. At the annual summer meeting of the College Fraternity Editors’ Association in Miami early in July, Jake was elected to the office of vice-president in that Association after having served one year as its secretary-treasurer.

Much earlier in his career Brother Jacobsen held every office in the College Fraternity Secretaries Association, including that of president. Both the Secretaries Association and the Editors’ Association operate under the framework of the National Interfraternity Conference.

The College Fraternity Editors’ Association states its purpose as follows:

“To stimulate and encourage those engaged in fraternity journalism; to form a center for the intercourse and exchange of views of all those interested in fraternity editing; to establish a community of interest through personal contacts; to raise the standard of fraternity journalism and the excellence of fraternity publications; to publish books and periodicals helpful to members; to cooperate with the Interfraternity Conference in the dissemination of information for the good of that body and of the entire fraternity system; to discourage the publication in the press of ambiguous and injurious matter by supplying correct information; to educate the public in the character, ideals, and purpose of college fraternities and of their agent, the Interfraternity Conference; and generally to do all things that will aid in elevating our profession and tend toward an intelligent understanding of the purpose of college fraternities by the public.”

RUSHEE RECOMMENDATION FORM

The world wants the kind of men who do not shrink from temporary defeats in life, but come again and wrestle triumph from defeat.

THEODORE ROOSEVELT

If you know of a young man who might be a likely candidate for fraternity membership in any college where Sigma Pi has a chapter, please send information about him to Executive Director Harold Jacobsen, P. O. Box 222, Elizabeth, N.J. All recommendations will be sent to the proper chapter officers and treated confidentially.

FOR SUMMER, 1962
EMERALD Plaque to Kappa

The annual Award of Merit will go to Kappa Chapter in recognition of its contributions to The Emerald for the academic year 1961-62. Kappa Chapter missed receiving the award last year by only a few points. This will be the second time that Sigma Pi’s Temple University chapter has taken first place and walked off with an Emerald plaque having won for the academic year 1959-60. Gamma at Ohio State which took the plaque last year, came in a close second with Beta-Gamma at Eastern Illinois close behind in third place.

The top chapters for sending material and giving maximum support to The Emerald for the past college year, in order of points earned, are:

Kappa Temple University 125
Gamma Ohio State University 111
Beta-Gamma Eastern Illinois University 104
Zeta Ohio Northern University 99
Alpha-Delta Auburn University 96
Beta-Kappa Arizona State University 95
Beta-Psi East Stroudsburg State College 92
Alpha-Mu Newark College of Engineering 89
Beta-Upsilon Shippensburg State College 87
Alpha-Rho Southwest Missouri State 85

The Emerald Award of Merit is based on credit for acceptable material submitted for use in The Emerald. A few personal items about alumni, at least one good 4” by 6” glossy finished picture, a chapter newsletter for every issue, and maybe an article or two of general interest now and then, can easily put any chapter in the running as a contender for the award. If every Sigma Pi Chapter would contribute enough copy to earn a minimum of 85 points, The Emerald would be far more interesting than it is at the present time.

AMERICA'S OLDEST—AND MOST PROGRESSIVE—FRATERNITY JEWELERS

ROOSEVELT PARK, DETROIT 16, MICHIGAN
The Sigma Pi Fraternity of the U.S. was founded at Vincennes University, Vincennes, Indiana on February 26, 1897, by James T. Kingsbury, William R. Kennedy, George M. Patterson, and Rolin R. James. It was incorporated July 5, 1923, under the laws of the State of Indiana. The name is registered in the Trade Mark Division of the United States Patent Office.

THE EMERALD OF SIGMA PI
The real object of education is to give to children resources that will endure as long as life endures; habits that time will ameliorate, not destroy; occupations that will render sickness tolerable, solitude pleasant, age venerable, life more dignified and useful, and death less terrible.—Sidney Smith

Founded on February 26, 1897, Sigma Pi has chartered 72 chapters; has a membership of nearly 20,000; and was 65 years old on February 26, 1962.

Fundamental purpose is to cultivate brotherhood and advance the cause of education.

You can help promote the educational objectives of Sigma Pi through an annual donation to the Educational Fund.

Contributions are deductible by donors for income tax purposes. (U.S. Treasury Dept. letter October 7, 1960)

Provision may be made in your will for a bequest to the Educational Fund.

A benefactor may specify that his contribution be used exclusively for members of his own chapter or students at a particular college or university.

The Byron R. Lewis

Educational Fund

Of Sigma Pi Fraternity

(Incorporated 1952)

1137 E. Jersey Street Elizabeth, New Jersey
CHAPTER CALENDAR

Plan to attend
The 1962 Convocation
August 29-September 1
French Lick-Sheraton Hotel
French Lick, Indiana

Each Month
5th—Latest date for Treasurer to mail Financial Report, Form 59, to E. O. and Province Archon.
8th—Sage mail to the E. O. comprehensive Monthly Report, Form 32, covering previous month.
30th—Secretary send minutes of chapter meetings: buff copy to E. O. and third copy to Province Archon. Don’t let minutes accumulate; mail at least once or twice a month.

Want a badge?
Here’s how!
The only way you can obtain delivery of a Σ Π badge is to send order on official forms to the Executive Office.

EMERALD COPY
Regualr chapter newsletters, special articles, alumni news, photos (protected with cardboard), etc. should be sent to Box 222, Elizabeth, N.J., not later than:
October 10 for Fall issue
January 10 for Winter issue
